**e-mail: [ecotvorenje@gmail.com](mailto:ecotvorenje@gmail.com)**

**Christian churches of Belarus /  
Center for Environmental Solutions**

*The Church and Environment Program of the Center for Environmental Solutions was established in 2014. Synodal Department for Youth Affairs of Belarusian Orthodox Church supported the program and together with the Center for Environmental Solutions is engaged in promoting of ecologically friendly lifestyle among Christians in Belarus. In its activities the Program follows ecological recommendations and ideas given in official church documents.*

### Education projects

- Ecological talks with Christian youth and adults
- Ecological cinema lectures in parishes
- Eco-theatre for children in Sunday schools
- Educational environmental excursions for children during Sunday school classes
- Ecological cycle races with lectures and talks
- Creation and publishing of special ecological recommendations for priests and church workers
- Publication and propaganda of short ecological recommendations, leaflets, brochures

### Caring for Creation

- Ecological events dedicated to the Day of creation: seminars, excursions
- Web site “A man in responsibility for creation” – **tvorenie.by**
- Initiation and realization of environmental demonstrational projects on the platform of Christian parishes
- Ecological evening – “Ekochas”- talks and discussions on eco-Christian topics
- Ecological-trail “Kamennaya Gorka” <http://ecoidea.by/ecotropa/kgorka>
